Photo Slideshow Packages

There are several steps to planning your slideshow. Feel free to contact us with any questions.

1. Choose your Package: All packages include: Photo Enhancement (color correction and light touch-ups of each photo); your choice of music; video effects and transitions; and the final video file delivered via the Cloud.

<u>Select</u>	<u>Package</u>	<u>Photos (up to)</u>	<u>Approx. Length</u>	<u>Price</u>
	Special	50 photos	4-5 minutes	\$108
	Applaud	100 photos	8-10 minutes	\$178
	Remember	150 photos	12-15 minutes	\$238
	Celebrate	250 photos	20-25 minutes	\$338
	History	500 photos	40-50 minutes	\$558

- 2. Number your photos.** Gather all your photos and number them in the order you want them to appear.
- Note: If you prefer to have ALL the photos appear randomly, then there's no need to number them.
 - For paper photos (up to 8x10), number each photo on the back in the lower corner (never the center). Use a pencil or ballpoint pen (never use a marker or gel pen). Each photo must have a unique, sequential number on the back (must be 1, 2, 3, etc., no duplicate numbers or letters). Avoid using paper clips.
 - For digital photos, rename each file with the number of its position in your video. You can mix paper and digital photos. Digital images can be sent on a USB drive or via a service like Dropbox.
- 3. Choose your music.** In general, use 10 photos per minute of music, but you can vary this as you like.
- We will edit your photos to fit the music.
 - You can supply songs as MP3 files (or CDs).
 - You can also check with us to see if we have your songs in our library. Just send us your list.

4. Video Name: What would you to title your video? _____
