Start with your first video. Write the name of the game video (SOURCE). Use the Time Code display on your DVD player or MiniDV camera to log your video. As you find a play you want to use, write down the start time (IN) and when the play ends (OUT). Write a brief description of the action (VIDEO DESCRIPTION). If you decide to use more than 30 plays, start a new sheet.

As you watch your videos, if the time code starts over at 00:00:00 again, contact us to help you with this issue.

Title: write down the information for your opening/closing title (name, number, school, position, etc.) on the back of this form.

Music: add background music instead of the natural sound of your footage
